

Call Of The Cavalry

Fighting the good fight is never rewarding, no matter what they tell you
I heard you got laid off, and now your girlfriend's pregnant
I guess you got some thinking to do
But look, you're not alone, let me see your phone:
I'll make some calls and turn that frown around...

CHORUS:

Hold on, help is on the way
The night is dark, but you'll make it to the break of day
Hold on, though your arms are tired
You sang the solo, now it's time for you to hear the choir...

Well, it's another day, another dollar for coffee and the want ads
Oh, your car breaks down day of your interview
For that job you wanted so bad
But luck is on your side; we'll give you a ride
I think you'll find that you have made the grade...

CHORUS

Hold on...
