

The Hi-Life

**I'm walking away from the Hi-Life; the sun's shining down, making me warm
I feel like a train leaving the station, leaving my care on the platform**

I don't need it any more...

**I'm giving up lies and deceiving; I'm picking myself up off the floor
I never believed that I could feel this; my cynicism was blocking the door**

I don't need it anymore...

**Please forgive me for waiting so long; I didn't know you were out there
I'd been keeping my eyes shut for so long that when you opened them
I couldn't see a thing just yet...**

**It's a new day and I'm happy, and I don't care if everyone knows
I dance like a fool in the kitchen, throw all my fear out with my woes...**

I don't need them anymore...

I don't need them anymore...

I don't need them anymore...because I got you!
